1 Performance evaluation of path optimization schemes for inter-switch 100%
handoff in wireless ATM networks
W. S. Vincent Wong , Henry C. B. Chan , Victor C. M. Leung
Wireless Networks July 2000
Volume 6 Issue 4

2 Performance evaluations of path optimization schemes for inter-   100%
switch handoffs in wireless ATM networks
W. S. Vincent Wong , Henry C. B. Chan , Victor C. M. Leung
Proceedings of the 4th annual ACM/IEEE international conference on Mobile computing and networking October 1998

3 A direct signaling system for flexible access and deployment of   100%
telecommunication services
Thomas F. La Porta , Kuo-Wei Herman Chen
IEEE/ACM Transactions on Networking (TON) August 1997
Volume 5 Issue 4
